1. GENERAL INFORMATION

These regulations set out the rules applicable to all teams and participants taking part in competitions organized by **Crown Cheerleading Events**.

By registering for the event, each club, coach, and participant acknowledges having read these regulations and agrees to comply with them.

Competitions are organized in accordance with:

- the **United Scoring System > United Kingdom**
- the safety rules of the **International All Star Federation (IASF)**.

2. ATHLETE ELIGIBILITY

Athletes must comply with:

- age requirements for their division
- permitted skill levels
- team composition rules

Competition officials may request proof of age at any time. Photocopies are accepted. To enable clubs to involve all their athletes, the organizers allow for a limited number of reasonable age exceptions. Any such request must be submitted via email (contact@crown-cheerleading-events.fr) and approved prior to the competition.

Teams with age exceptions **will not be eligible** for Grand Champion awards.

3. CROSSOVERS AND ALTERNATES

Crossovers

An athlete may participate in a maximum of **two routines**.

Example: An athlete may compete in University and Open Level 4. An athlete may compete in U18 Level 3 and U16 Level 2.

Crossovers between Prep and Allstar teams are not permitted.

All crossovers must comply with the age rules of the relevant division. Registration is at the coaches' discretion, as scheduling conflicts may arise.

Alternates

Up to 5 alternates per team are permitted. Alternates must comply with the division's age rules. Alternates must pay the registration fee.

4. PERFORMANCE SURFACE

The competition surface consists of :

- **7 dynamic panels**
- Dimensions : **14 m × 14 m**

5. ROUTINE DURATION

- Prep and Non-tumbling : 2:00

Teams are required to bring both a USB drive **AND** a phone containing all music files to the event, serving as backups for one another. If using a phone, Airplane mode must be enabled, Wi-Fi turned off, and the volume set to maximum.

Teams must enter and exit the competition floor quickly to adhere to the schedule. **Prolonged choreographed entrances** are not permitted.

7. ROUTINE INTERRUPTION

Circumstances beyond the team's control

A team may restart its routine if the performance is interrupted due to:

- Equipment failure
- Technical malfunction
- Event or organizational issue

Judging will resume from the point of interruption, and the routine must be performed **full out**.

Team-caused interruption

If the interruption is caused by the team (personal equipment, music, etc.), the team must either continue the routine or withdraw from the performance.

Exception: Injuries (see Section 8).

Competition officials will determine whether the team is permitted to perform again.

8. INJURIES

A medical station will be available near the warm-up and competition areas. Each team is required to bring its own first aid supplies (athletic tape, bandages, ice packs, etc.).

The safety, supervision and care of athletes remain the sole responsibility of the participating clubs and their coaches. Each club must hold appropriate insurance covering its members and implement its own emergency procedures in the event of an injury or medical incident. Proof of insurance will be required upon registration.

Only the following individuals may stop a routine due to an injury:

- Competition officials
- The team's coach
- The injured athlete

Competition officials will determine whether the team may perform again.

If a re-performance is authorized, the routine must be performed **full out**, and judging will resume from the point of interruption.

An injured athlete may only return to the performance floor with approval from the medical staff, the athlete's legal guardian (if present), and the head coach.

9. SCORES AND RANKINGS

Score sheets will be emailed to the head coach following the team's performance. Appeal Procedure: Any scoring appeal must be submitted no later than 15 minutes before the awards ceremony using the official appeal form available on site.

Whenever possible, the appeal must include:

- The IASF legality approval email supporting the contested skill;
- A detailed explanation of the appeal;
- A video of the skill performed during the routine;
- Any other relevant supporting documentation.

Appeals will be reviewed by the judging panel. A favorable outcome cannot be guaranteed. No appeals will be accepted once the awards ceremony has begun.

Coaches are required to keep all scores confidential until the official awards ceremony. Sharing scores with other teams, on social media, or through any other communication channel before the official announcement is strictly prohibited.

In the event of a technical or human scoring error discovered after the awards ceremony, the Head Judge will determine the correct score and adjust the team's final ranking without modifying the placement of the other teams. As a result, two teams may share the same placement.

The Grand Champion decisions are final and may not be changed.

10. TIE-BREAKING

Ties will not be broken except for determining the Grand Champions.

The following criteria will be applied in order:

1. Fewest deductions
2. Highest overall score
3. Highest technical score
4. Decision of the judging panel

As the competition venue is located near a residential area, all participants are expected to be respectful and keep noise levels to a minimum around the venue.

For any report or situation requiring intervention, participants may contact the designated Safeguarding Officer, whose contact information will be shared with clubs before the event, or speak with any member of the event staff wearing an official event shirt. All reports will be handled with the strictest confidentiality.

15. EXHIBITION DIVISION

The Exhibition Division is intended for teams wishing to experience the excitement of competition in a non-competitive environment.

Exhibition teams will enjoy the same event experience as competing teams, including warm-up, performance before an audience, professional photos and routine videos, but they will not be judged or ranked.

Each athlete will receive a participation medal in recognition of their performance.

16. UNIVERSITY DIVISION

University teams may choose to compete in an Allstar division. However, a team may not compete simultaneously in both the University and Allstar divisions. If entering an Allstar division, the team must comply with all Allstar rules, registration fees and eligibility requirements, and will **not** be eligible for the **Next Gen Grand Champion** award.

17. TARIFICATION

Due to the limited number of available spots, a team's pre-registration will be confirmed by email together with a secure online payment link. The deposit must be paid as soon as possible after receiving this confirmation. Failure to pay promptly may result in the team's place being offered to a team on the waiting list. A payment confirmation will be sent within 48 business hours.

Any cancellation made before the registration closing date is eligible for a 70% refund of the total registration fees. The remaining 30% deposit will be retained by the organizer as a cancellation fee.

The remaining balance must be paid no later than the expiration date of the applicable pricing period. Teams that have not paid their balance by December 11, 2026, will automatically be charged according to the General Entry pricing.

A crossover athlete is defined as an athlete competing on two different teams. Athletes competing on multiple teams will therefore be charged the full registration fee for each team they are registered with.

Each team registration includes two coaches/accompanying persons. Teams requiring more than two companions must purchase additional accompanying person accreditations. Only registered athletes and accredited companions are permitted in the warm-up area and changing rooms.

Division changes requested after February 12, 2027, will incur a €200.00 administrative fee.

Adding an athlete: the applicable registration fee will be the fee in effect on the date the athlete is added, not the fee in effect at the time of the original registration. After the registration deadline, an additional €50 administrative fee per request will apply. Simple athlete name substitutions on the roster are free of charge.

Removing an athlete: no refunds will be issued for athlete removals after the initial registration.

Any request submitted on or after March 4, 2027, will not result in changes to the competition schedule. If a team changes divisions and can no longer compete before the awards ceremony of its new division, it will be scored but will not be ranked.

Crown Cheerleading Events reserves the right to cancel, postpone, or reschedule the competition due to unforeseen circumstances, including but not limited to extreme weather, venue unavailability, technical issues, or government restrictions. In the event of cancellation or postponement, a credit will be issued based on the expenses incurred at the time of cancellation. This credit may be applied toward a future competition organized by Crown Cheerleading Events. No cash refunds will be issued under any circumstances.
